SREEHARI K
ANDROID DEVELOPER

CAREER OBJECTIVES

I am an Android developer based in Calicut, India. I specialise in native Android app developement. I create beautiful, usable professional android apps using best practice, accessibilty and android design guidelines. I do love to create beautiful designs for product promotions, publication elements, UI, UI elemens and ads.
For building Apps my wepons of choice is the Android Studio along with Adobe XD, Adobe Illustrator and Photoshop to complete my projects.

I love to travel, and I love my Work!
